

Checklist for the ed tech strand assignments

1. Your **portfolio** has a top page with clear, working links to each of your subsidiary pages:
 - Three Tech Tool Investigations (one of which is labeled as a Diversity Resource);
 - (Optional: 20 point assignment (a) – new resource for the societal issues forum);
 - (Optional : 20 point assignment (b) – a new video (<2 min) to enhance learning).

Do 1 option or the other – not both – or do neither

Your portfolio's top page expresses something about you and your commitments as a teacher.

There is a link from our class wiki page ("Portfolios") to the top page of your portfolio.

2. You have made three (3) **Tech Tool Investigation Web pages**. Each one contains:
 - a title identifying the tech tool,
 - an appropriate graphic (or two....),
 - a brief description of how the tool works,
 - a brief description of how the tool might be used in a specific classroom setting,
 - a link back to the top page of your portfolio,

One of the tech tools is labeled as a Diversity Resource.

There are links from the appropriate sub-page of our wiki page ("TechTools") to each of your investigation pages.

3. You participated in the **Societal Issues & Educational Technology threaded discussion**:
 - You made a "substantial post" (200 – 400 words) regarding one of our resources,
 - You made at least 5 posts (any length) reacting to the posts of others.
